David;

Excelsior Mining understands that in response to Earthworks' request for a public meeting in Cochise County, Ms. Johnson offered to organize an informational meeting. We also understand that Excelsior may not be invited to that informational meeting. We request that you be present at any meeting offered to Earthworks so that we can be assured that a robust and accurate perspective on (1) the protectiveness of the APP and the UIC and (2) the technical issues will be presented during such informational meeting.

Please contact me at your earliest convenience to discuss this request.

Thank you,

Rebecca A. Sawyer
